REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The prior art of record, neither singly nor in combination, disclose a connecting member interconnecting the closure member and the counterweight and disposed in the groove of the pulley, the connecting member having a first segment having a first predetermined width joined to a second segment having a second predetermined width that is less than the first predetermined width, securing an end of a second connecting member at a fixed location outside of the vertical path of movement of the counterweight position and positioned to cause the counterweight to move in a direction of movement that is at an angle to the normal vertical path of movement of the counterweight to vary the effective weight of the counterweight acting on the closure member.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. The provided references are representative of the state of the art that is applicable to the applicant's invention.
